THE PROBLEM

Finding Farm Work Shouldn't Be This Hard

Traditional methods of finding agricultural work are broken. Workers and farms both suffer.

Unreliable Work

Workers drive hours to farms only to find no work available. Word-of-mouth leads to missed opportunities.

Delayed Payments

Waiting weeks for paychecks. Cash-only arrangements with no records. No financial security.

Middlemen Fees

Staffing agencies take 25-40% of wages. Workers get less, farms pay more.
